Luminaire Schedule

Symbol	Qty	Arrangement	Lumens	LLF	Description
	4	2 @ 90 DEGREES	120000	1.000	Advantage Series T4T-1000PS-2@90° @ 25' mtg. ht.

Lighting performance is calculated using Independent Test Lab testing data. The drawing above shows initial lumens only. All fixtures experience light loss over time. We use a light loss factor of 0.8 to calculate maintained lumens. Maintained lumens are what you will experience after the lights burn in and will be lower than the initial lumens shown above. If you would like to see a photometric drawing using maintained lumens please contact us at hartu@leetennis.com
